

Environmental Policy Statement

Last updated: 09.01.2024

Hydrosave UK Limited (the 'Organisation') recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to consultants in the utility service industry and private sector. It is the Organisation's declared policy to operate, and maintain good relations, with all regulatory bodies.

The Organisation operates an Environmental Management System that has gained BS EN ISO 14001:2015 certification. It is the Organisation's objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- Employing systems and procedures that ensure compliance obligations are met relating to the environment.
- Providing employee training to enhance environmental awareness, ensuring environmental issues are considered when managing our premises and planning, implementing and undertaking all projects.
- Promoting a sustainable approach to business, in partnership with our clients and other stakeholders, by conserving energy, minimising consumption, preferring low pollution materials, maximising efficiency and implementing the Waste Management Hierarchy.
- Ensuring that we integrate sustainability considerations into our business decisions.
- Maintaining an Environmental Management System (EMS) registered to ISO 14001:2015 that is communicated to all employees.
- Putting controls in place to protect the environment from any significant environmental aspects and impacts to water, land and air arising from our work activities.
- Measuring our Carbon Footprint and taking account of carbon management in our business decisions to reduce our contribution to climate change.
- Assessing and regularly re-assessing the environmental effects of the Organisation's activities.

This Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.

Simon Dray

Managing Director
